Exhibit materials may be hand-carried through public doorways, provided that no material handling equipment other than personal luggage carriers are used.

13. CONSTRUCTION, INSTALLATION AND USE OF EXHIBITS AND EXHIBIT FACILITIES:

A. Acceptability of Exhibits - All exhibits shall serve the interests of the members of the associations and shall be operated in a way that will not detract from other exhibits, the Trade Expo or the convention as a whole. The associations reserve the right to require immediate withdrawal of any exhibit believed, at the sole discretion of the associations, to be injurious to the purpose of the associations.

B. Restrictions and Use of Space - No exhibitor shall sublet, assign or share any space allocated to it without the written consent of the associations. Solicitations and/or demonstrations by exhibitors must be confined within the bounds of its respective booths. Aisle space, air space, public space, any area surrounding the booth, registration areas and meeting rooms shall not be used for exhibit purposes. Operation of sound devices is allowed if the exhibitor complies with volume level restrictions and noise level does not disrupt the activities of neighboring exhibitors. No alcohol is to be dispensed within the Trade Expo.

C. Construction of Exhibits - Each exhibitor is entitled to a reasonable sightline from the aisle. Exhibits shall be constructed and arranged so that they neither obstruct the general view or the sightlines of neighboring exhibitors.

D. Guidelines for Display - Exhibit fixtures, components and identification signs will be permitted to a maximum height of 8'. The maximum height of 8' is allowed only in the rear half of the booth space, with a 4' height restriction for the remaining space forward to the aisle. No in-line booths may be over 8' high except for booths on perimeter walls where the height limit is 12' high. For end-cap booths (generally two booths on the end of an aisle), the maximum back wall height of 8' is allowed only in the rear half of the booth space and within 5' of the two side aisles with a 4' height restriction in the remaining space forward to the aisle. For peninsula booths (generally four booths on the end of an aisle), the maximum back wall height is restricted to 4' high within 5' of each side aisle, permitting adequate line of sight for the adjoining booths. Sixteen feet is the typical maximum height allowance for the center portion of the back wall. For island booths (generally a 20' x 20' space exposed to aisles on all four sides), the entire cubic content of the space may be used up to the maximum allowable height of 16'. Additionally, exhibitor agrees to comply with the Americans with Disabilities Act and its regulations in the design of the booth.

E. Installation and Dismantling of Exhibits - All exhibits must be in place and ready for display by Tuesday, December 7, at 12 p.m. The exhibitor may set up the exhibit on Monday, December 6, from 9 a.m. to 5 p.m. and on Tuesday, December 7, from 9 a.m. to 12 p.m. No exhibits may be erected after the Trade Expo opens. Space not occupied by 12 p.m. on Tuesday, December 7, will be forfeited by the exhibitor and may be resold and reassigned at the sole discretion of the associations without refund of both rental fees. Dismantling of exhibits is on Thursday, December 9, from 12 p.m. to 6 p.m. No exhibits may be dismantled before the official closing time. Exhibitors attempting to begin dismantling before the official closing time will be asked to stop; in addition, this breach of the rules and regulations will deny the exhibitor the opportunity to exhibit at future shows. Setting up, dismantling and removal of exhibits are the responsibility of the exhibitor. No trash, extra products, flyers, etc. may be left in the booth. Should the exhibitor fail to remove its exhibit and/or trash, this removal will be arranged by the associations at the exhibitor's expense.

F. Fire and Safety Regulations - All local regulations will be strictly enforced and the exhibitor assumes responsibility for compliance with such regulations. All materials used in the exhibit area must be flame proof and fire resistant in order to conform to local fire ordinances and regulations of the local fire department. All aisles, exits, fire stations and fire extinguisher equipment must be kept clear at all times. There is no smoking in this facility. Please contact the associations for guidelines for vehicle displays.

G. Protection of Atlantic City Convention Center Property - Acceptance of exhibit space makes it obligatory on the part of the exhibitors that they shall not deface, injure or mar the Atlantic City Convention Center property. Nothing shall be taped, pasted, tacked, nailed, screwed or otherwise attached to columns, walls, floors or other parts of the building or furniture. No helium balloons shall be given away or sold. No glitter or confetti shall be permitted in the exhibit area. No adhesive backed decals and stickers shall be given away. No freight shall be allowed on public escalators or elevators. Any damage done and costs associated with removal or clean-up shall be paid for by the exhibitor.

14. INDEMNIFICATION: This contract shall not be considered a partnership, joint venture or agency between the associations and the exhibitor. It is agreed that exhibitors will assume the entire responsibility and hereby agree to protect, indemnify and hold harmless the associations and the Atlantic City Convention Center against all claims, losses and damages to persons or property arising out of or caused by exhibitor's installation, removal, maintenance, occupancy or use of exhibition premises or any part thereof as well as any neglect, intentionally wrongful or illegal act by exhibitor or any of its representatives. In addition, exhibitors acknowledge that the associations and the Atlantic City Convention Center do not maintain insurance coverage for exhibitor's property or injury to exhibitor or its representatives, agents, employees, licensees or invitees. It is recommended that exhibitor obtain adequate insurance coverage, at its own expense, for property loss or damage and liability for personal injury.

15. CHOICE OF LAW: This contract shall be governed, construed, applied and enforced in accordance with the internal laws of the State of New Jersey without regard to conflict of law principles. Exhibitor consents to and confers personal jurisdiction on all courts of record in New Jersey and the federal government located in New Jersey and agrees that service of process may be made by mailing a copy of the summons and complaint to exhibitor at exhibitor's address.

16. MUSIC LICENSING: If applicable, exhibitor warrants that it shall have obtained appropriate licenses and the authority to use copyrighted music.

17. TAXES: If applicable, the exhibitor must contact the NJ Division of Taxation for information and/or appropriate forms for collecting tax on sales and/or re-sales.
